

Student Council News 2024/2025

Lá Buí

We celebrated Lá Buí on March 21st 2025. It was a fundraising day to raise awareness for the cancer society Larcc. It was a day where every student could wear something yellow, and bring in any amount of donations they would like. It was an amazing success and we are very proud of everyone, especially because this was for a fantastic cause. Everybody looked fantastic and the school looked amazingly bright. We raised €635. A representative from Larcc visited our school to collect the money and to thank us. We took photos with the representative from Larcc and hopefully they will put our photos on the Westmeath Examiner.

I, Denis, organised the poster campaign to raise awareness for Lá Buí. I enjoyed doing it and it was a great success. We have the posters up on our school walls and they all looked lovely. All students participated and were equally as great. We are all very proud of the students, and the members of the student council. This day went amazingly well.

Board Of Management Meeting

I, Omer, spoke at the Board of Management Meeting and made a Google Slides presentation about what we were going to achieve this year in the student council for our school. We told them about Lá Buí and they thought it was an amazing idea. We also told them about fundraising for a bench. We told them that we were going to collect bottles to pay for the bench.

Our Hopes for Next Year

We hope to be in the Student Council Next year so that we can raise money for charities and for things to put in the school yard.

This year we did fundraisers to get the school benches and to donate to LARCC, a cancer charity in Westmeath. We hope to do similar things next year and either get another bench or a table

tennis table. We might collect bottles again to raise money for these. 'Collecting bottles was my idea', and I feel proud that it was such a success', Adam.

We enjoyed being part of the Student Council. It was a fun thing for us to do. We enjoyed helping the school to be a more fun place. And we hope that next year the student council will do the same. I wish there was a cultural day where everyone brought food from their culture and it was organised in the hall. I wish the future student class a happy year next year.

'Your Bottles Are Our Bench' fundraising Campaign

In the year 2024/2025 we ran a campaign called 'Your Bottles Are Our Bench' to raise money to buy a bench for our school. We wanted one that was strong and would last for many years. We collected €528 out of recyclable bottles to buy a bench made out of recycled plastic. It is a very strong bench that has a 25 year warranty. It is easy to wipe it down when it is wet.

Collecting the bottles was hard work but worth it. We now have a bench. We can do lots of different stuff on it such as knitting, playing games and lots more. We hope we can be in the Student Council next year and we all hope next year is even better than this year. This year was so much fun we achieved a lot.

Alanna ,Bella,Brooke and Haley

Your Bottles are our Bench

Please collect bottles and cans
and send them to our school by
Wednesday 19th February
